

## Marshall Elementary Approved Snack List

Providing a safe and healthy environment for all children, in which we are in compliance with the State Wellness Policy and the Marshall School's Nut Free Policy, is our goal. We must insist on specific brands and products. Always double check labels as manufacturing processes may change without warning.

No homemade treats or snacks, not listed below, will be allowed to be served to children. The snacks were chosen because they are low fat and/or because they are wholesome (mostly whole grains in the cereals, etc.) Snacks will be returned home if they are not listed below.

Please replenish snacks once a month. Spoons should be provided for fruit, pudding or yogurt cups.
